

# Camel CIGARETTES

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarette aftertaste or unpleasant cigarette odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a cigarette paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

## POULTRY KEEPERS HAVE GOOD PROGRAM FOR FARMERS' WEEK

A cordial invitation is extended to all poultry raisers to attend Farmers' Week at the University of Missouri, January 19 to 23. A short course in poultry husbandry, which extends through the entire week, has been arranged, with a program which should prove interesting to every poultry keeper and particularly to those who are striving for better egg production records. Professor J. G. Halpin, Head of the Poultry Department, University of Wisconsin, will occupy a prominent place on the program. Mrs. George Russell, prominent poultry raiser and writer on poultry subjects, of Chilhowee, Mo., will also assist in the program. Our friend, M. P. Holler, of Hardin, Mo., the first cooperator in the demonstration poultry project, will also be present to tell how the demonstration farm movement has revolutionized poultry conditions in his community.

Beginning at 8:30 Tuesday morning, January 20, there will be something of great interest to every farm poultry keeper going on at every available minute until the close of the banquet Friday night. Farmers' Week is free to all and no person who can possibly get away from home can afford to miss it.

## EXECUTOR'S NOTICE

Notice is hereby given that Letters Testamentary upon the estate of William J. McMahon, deceased, have been granted to the undersigned, by the Probate Court of St. Francois County, Missouri, bearing date the 13th day of December, 1919.

All persons having claims against said estate are required to exhibit them to Charles Reinhard, Executor, for allowance within six months from the date of said letters or they may be precluded from any benefit of such estate; and if said claims be not exhibited within one year from the date of the granting of letters on said estate they shall be forever barred.

CHARLES REINHARD, Executor, State of Missouri, County of St. Francois, ss.

I hereby Certify that Charles Reinhard was granted Letters Testamentary up on the estate of William J. McMahon, deceased, on the date above written.

In Testimony Whereof, I have hereunto set my hand and affixed the seal of said Court, this 13th (SEAL) day of December, 1919.

K. C. WEBER.

Judge of Probate and Ex-Officio Clerk of the Probate Court. Dec. 19, 26, Jan. 2 and 9.

**Mr. Glancy of The MARQUETTE**

Room without bath, single, \$1.50  
Room without bath, double, \$2.00, \$2.50

4 Short Blocks from Union Station

## HESSIAN FLY AND OTHER INSECT PESTS TO ATTEND FARMERS' WEEK

The hessian fly, which in 1916 destroyed six million bushels of Missouri wheat, is again threatening the wheat crop, especially in the southern part of the State. Early seeded wheat in many places is practically all dead. During Farmers' Week at the University of Missouri College of Agriculture, January 19-23, a special demonstration showing the hessian fly at work on growing wheat and the methods of controlling it will be given. A similar demonstration with the chinch bug, corn-ear worm and other pests of field crops will also be given. These demonstrations will be held in a room adjoining the corn show and will take the place of class room discussions of insect pests of field crops.

## DUTY

Stamp this upon your shield, my boy,  
"The work I do shall be my joy!  
The glory and the fame I ask  
Shall blossom from my humble task,  
I envy no man's true success,  
This is my road to happiness.

"Here at this post of mine I can  
Stand face front, to my fellow-man;  
Can rise to glory and excel  
If I but do my portion well,  
And in such service I can find  
True happiness and peace of mind.

"I toil not as a driven slave,  
Harried and hunted to the grave,  
Fearful of stronger men's abuse,  
But glad that I can be of use;  
Standing with free men, side by side,  
And in my labor taking pride."

Life holds no greater joy, my son,  
Than work that has been truly done;  
No happiness is quite so sweet  
As that which comes from tasks complete—  
There's no pleasure to excel  
The pride of doing something well.  
—Edgar A. Guest.

## NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, croup, does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c. and \$1.20 a bottle at all druggists. Give it a trial.

**Tardy Bowels, Inert Liver**  
They just won't let you put "pep" into your work or play. Sick headache comes from retaining waste matter and impurities in the body.

## JASPER COUNTY SETTING THE PACE

Carthage, Mo., Dec. 24.—Jasper county did not wait for the new year in order to turn over a new leaf. Four days after a preliminary State meeting of farm bureau officers decided that the day of the dollar membership fee in the farm bureau had passed, the Jasper County Farm Bureau executive committee adopted the new recommendation and placed itself on record as the first farm bureau county in Missouri to change from the old one-dollar individual membership to the new five-dollar family membership.

Under the new plan, the \$5 membership fee admits the family, thereby making farm bureau work a family job commanding the mutual interest and co-operation of men, women and children. Under this plan the work of the county agricultural agent and the county home demonstration agent are centralized in the farm bureau and the two lines of work become parts of one unified piece of work looking toward general development of the farm and the home. With the increased budget which this high membership provides, Jasper county may look forward sooner or later to the employment of a county boys' and girls' club agent, in order to give special impetus to junior farm bureau work. Why should not Jasper county be first in Missouri, to adopt the three lines of work recognized by the present farm bureau law, namely, the work of the county agricultural agent, the county home demonstration agent and the county boys' and girls' club agent? This is the question which the live wires of the Jasper County Farm Bureau are asking themselves. Some day County Agent J. H. H. Mote will bob up and say, "Come on, fellows, let's go." About the same time men like Wm. H. Black, president of the Jasper County Farm Bureau, and Cowling Blair, its secretary, Judge P. E. Donnel, ex-president of the Jasper County Farm Bureau, and all the farm bureau membership will echo, "Let's go." That will be the signal for Jasper county to move up to a new position in the forefront of the front line trenches. People who have been watching Mote and Jasper county for the last two years, will look wise and say, "I told you so," while old Jasper will settle down to making plans for its next big push.

## HOW MUCH POWER WILL YOUR TRACTOR DEVELOP?

Many tractors are injured and have their periods of usefulness materially shortened by overloads. Continually overloading is one of the worst abuses any one can give a tractor. Knowing how to find the safe load for your tractor is something worth while. How to measure the power of a tractor is also very interesting and instructive for the tractor owner and operator. These topics will be discussed by members of the agricultural engineering staff Farmers' Week, January 19-23 at the University of Missouri College of Agriculture. There will also be power measuring demonstrations and tractor tests going on throughout the week.

To the Dyspeptic.  
Would you not like to feel that your stomach troubles are over, that you can eat any kind of food that you crave? Consider then the fact that Chamberlain's Tablets have cured others—why not you. There are many who have been restored to health by taking these tablets and can now eat any kind of food that they crave. Obtainable everywhere. Adv.

## Y. W. C. A. PLANS WORLD PROGRAM

Mrs. John D. Rockefeller, Jr., Heads Association's 1920 World Service Program.

\$3,000,000 NEEDED FOR WORK.

Leader Calls Association a "Stabilizing Influence" in Outlining Post-War Program for Women—Federal Council of Churches to Announce "Y. W. C. A. Sunday."

Mrs. John D. Rockefeller, Jr., chairman of the National Educational Campaign Committee of the 1920 World Service Program of the Young Women's Christian Association, has made the following statement:

"Since the war we are more than ever aware of the economic, industrial, educational, social and religious difficulties which beset the lives of girls and women everywhere. In meeting the post-war needs of women the Young Women's Christian Association stands as an instrument of service, tested and proven by war, and organized to meet the manifold problems of peace.

"Because of its fifty odd years of experience in meeting fundamental problems affecting girls, the Young Women's Christian Association is an organization particularly fitted to exert a stabilizing influence upon the troubled times through a consistent program of service for girls and women.

"American women are asking how they may share in the world's reconstruction. They can do so by enlisting the support of their communities for this World Service Program, which will insure to the world a healthier and better womanhood.

"This campaign of the Y. W. C. A. to tell the people of the United States about its work and to raise \$3,000,000 with which to carry on Y. W. C. A. work during 1920 in the United States, Europe, China, Japan, India, South America, Egypt, Siberia and Mexico will close the week of February 22 to 23, which will be known as Y. W. C. A. Week.

"The Federal Council of Churches will probably set one Sunday as a time for ministers throughout the country to address their congregations on general conditions affecting women and the Young Women's Christian Association as an instrument of service.

"The immediate task is to bring to the people of the United States a knowledge of conditions affecting the lives of women in all parts of the world. We can no longer ignore the character, the manner of life and the ideals of other peoples, whether we want to or not. A special call is now coming to the Association from China, Japan, India and South America, where work was held back during the war because of the necessity for special activity in France and the United States.

"The World Service Program calls for \$4,500,000. Of this amount \$1,500,000 has already been secured."

The educational campaign committee includes among its members Mrs. Robert E. Speer, president of the National Board of the Y. W. C. A.; Mrs. Henry P. Davison, Mrs. William Van V. Hayes, Mrs. Robert L. Dickinson, Mrs. William Adams Brown, Mrs. Van Sanford Merle-Smith, Mrs. Lewis H. Lapham, Miss Ellen Hale Stevenson, Mrs. Frederic B. Pratt and Mrs. Herbert Lee Pratt.

## SMALL Y. W. C. A. IS COMMUNITY CENTER

Recreation for Girls Is Important Feature of Work.

Fifty-two young women in the United States are known as Y. W. C. A. "town secretaries." All of which means that the fifty-two are organizing recreation work for girls and for the community at large in towns of less than 10,000 inhabitants.

The Y. W. C. A. may be in one rented room or more. It may be a whole building, but at any rate there is a recreation room and if possible a kitchen, reading and writing rooms. If the Y. W. C. A. has a building of its own it becomes a community center, where all women's organizations may meet.

## WOMEN EXCEED MEN IN JAPANESE FACTORIES

850,000 Japanese Women Work at Average Daily Wage of Ten to Twenty Cents for a Twelve Hour Day.

There are more women in industry in Japan than there are men, according to a statement recently made by the War Work Council of the Young Women's Christian Association.

The world war has brought 850,000 women and girls into the daily grind of industry according to this statement; 30,000 of them little girls under fifteen years of age who work twelve hours a day at a wage of ten to twenty cents a day, that the world may have silk dresses and munitions.

In Tokyo alone, a city of two and one-half million people, there are 100,000 women employed in sixty-two industries and businesses varying from work as telephone operators, clerks, stenographers and bookkeepers to work in silk and other sorts of factories and domestic work.

Each year thousands of these women go back to their homes in the country, broken in health and victims of tuberculosis because of the poor conditions under which they work and live. They are housed in dormitories in the factory compound. These dormitories are frequently unsanitary. The girls work long hours, have no recreation and on finishing their long day go immediately to bed, oftentimes a bed which a girl who works at night has been sleeping in all day.

As part of its world service for women, the Young Women's Christian Association plans to build dormitories in manufacturing towns where girls may live cheaply under healthful physical and social conditions, to send out secretaries who can introduce recreation into the factory compound and direct games and social life.

This is done with the co-operation of the factories' managers and proprietors. One of the most influential of these is Mrs. Suzuki, the most prominent woman manufacturer in Japan, who is owner and manager of a firm which exported \$11,000,000 worth of bean oil to America last year.

Recently Mrs. Suzuki decided to employ one thousand women in her offices. She could not find enough well trained ones so she established a permanent school where Japanese girls may be trained to enter the business world. The greatest danger ahead of Japan, she says, is in its growing materialism, and Japan's greatest need, the development of her women.

\*\*\*\*\*  
+ NATIONAL FRIENDSHIPS +  
+ DEPEND UPON WOMANKIND +  
+ Japanese Diplomat Says Men +  
+ Alone Cannot Create Interna- +  
+ tional Friendliness. +  
+ International friendship be- +  
+ tween nations depends largely +  
+ upon the friendly feeling between +  
+ the women of those nations, ac- +  
+ cording to representatives of the +  
+ Japanese embassy in Washington. +  
+ Their theory is that there can +  
+ be no firm friendship between +  
+ two nations unless the women of +  
+ those two countries know and +  
+ like one another, as co-operation +  
+ between nations, as in the state +  
+ and in the family, is based on co- +  
+ operation between men and wo- +  
+ men. +

+ Therefore, if Japan and Ameri- +  
+ ca are to have a real, lasting +  
+ friendship, to really know and +  
+ understand one another, the wo- +  
+ men of the two nations must +  
+ learn to play together, to study +  
+ together and to think together. +  
+ The Y. W. C. A. is one of the +  
+ best mediums for bringing about +  
+ this friendship between the two +  
+ nations, according to diplomatic +  
+ representatives of Japan, as that +  
+ organization is teaching Japanese +  
+ women recreation, showing them +  
+ how to enjoy out-of-door life and +  
+ sports. It is particularly neces- +  
+ sary that Japanese women learn +  
+ to enjoy and appreciate recrea- +  
+ tion, they say, since the great +  
+ influx of women into industry +  
+ and business, as Japanese wo- +  
+ men, formerly so conservative, +  
+ are going into business and doing +  
+ many things which they had +  
+ never thought of doing before the +  
+ war. +

+ The Y. W. C. A. has been as- +  
+ sured the fullest possible co-op- +  
+ eration of the Japanese embassy +  
+ and the Japanese people in mak- +  
+ ing its "World Service program" +  
+ for three million dollars to be +  
+ used for women and girls in the +  
+ United States, India, China, Ja- +  
+ pan, South America, Egypt, Si- +  
+ beria, the Near East and Mexico +  
+ a success. +

## Y. W. C. A. TRAINS WOMEN.

Young women students from forty-four states and nine countries—China, the Philippine Islands, France, Belgium, Holland, Russia, Armenia, Canada and Mexico — are registered in the National Training School of the Young Women's Christian Association in New York.

They are studying methods of Y. W. C. A. work with a view to taking up positions in Y. W. C. A. work either in this country or in other of the countries where the Y. W. C. A. is carrying on, opening and expanding its work.

## ONE-FOURTH WORLD'S WOMEN IN CHINA

Seventy Per Cent. Employees in Shanghai Cotton Mills Women and Children Working Twelve Hour Shifts.

One-fourth of the women in the world are Chinese—200,000,000 of them. They are going into industry in large numbers to work long hours and for little money.

In Shanghai, for instance, seventy per cent. of the employees in the cotton mills are women and children. Working hours for spinners are from six in the morning until six at night and from six at night until six in the morning. Weavers work from 5:30 in the morning until seven at night and the wages are from ten to twenty cents a day. Hundreds of women are employed in silk flature mills, standing hour after hour washing cocoons in basins of boiling water in the excessively hot rooms necessary for apartments where fine silk is spun. In Canton alone, there are 150,000 women in factories at a maximum wage of forty cents a day for women and of fifteen cents a day for girls.

As part of its program of world service for women the National Young Women's Christian Association is expected to put on its staff of secretaries in China an expert on industrial conditions who will develop social work in factories, and work to improve conditions for women employees. This work will include the introduction of recreation and social life among the workers and of health lectures and educational classes.

## Y. W. C. A. STUDENTS TEACHING IN CHINA

Physical Training School Maintained in Shanghai.

The vast majority of Chinese men remember their mothers as cripples. Many a girl wanders into a mission school who has not had her own feet bound, but has never seen a woman of her own class who could walk and, therefore, she walks in a most peculiar fashion—scarcely conscious of her natural feet.

The Chinese Medical Association—an Association composed only of Chinese physicians mostly graduates from American and English institutions—have asked the entire educated community of the country to co-operate in better health for the children of China. All the Mission Boards operating in China felt that one of the greatest contributions the Young Women's Christian Association could offer to the health of China would be to establish a normal school for the training of physical directors.

Accordingly, in Shanghai, which is the greatest port in China, the national committee established such a school in 1914. The school has won favor with all educationists, both missionary and government. There have already been nine graduates from this school. Miss Ying Mei Chan, a graduate of the Wellesley School of Physical Education, has been dean of the school. Graduates of the school are scattered from Canton to Peking, teaching with conspicuous success in twelve mission and government schools.

## JAPANESE DOCTOR IS Y. W. C. A. OFFICIAL.

Dr. Tomo Inouye of Tokyo, Japan, treasurer of the National Committee of the Young Women's Christian Association in Japan. Dr. Inouye has been

Dr. Tomo Inouye of Tokyo, Japan, a delegate to the six-week international Conference of Women Physicians called by the Y. W. C. A.

particularly interested in the public health and recreational plans of her city for some time and is medical inspector for girls in the public schools of Tokyo, as also in several private schools in the city. There are approximately 500 women physicians in Japan now, she says, and 400 women medical students. Dr. Inouye was the only delegate from Japan to the Y. W. C. A. International Conference of Women Physicians, in session during September and October.
